

## Compact. Powerful. Flexible. Affordable.

When your customers are standing in line, they're not shopping. ECRS' newest, highly-configurable self-service kiosk can bust up those long lines and improve customer flow at prepared food areas, delis, coffee counters, customer boarding sites, and even express checkout lanes.

This evolutionary step forward in kiosks gives your customers the best all-around self-service solution through our award-winning CATAPULT® software! It's driven by CATAPULT's powerful Unified Transaction Logic®, so you get responsive, real time connectivity to the rest of the CATAPULT suite at all times.

With a sleek and compact design, all Flex Market units are built to allow for maximum serviceability, and built to last. Proudly and professionally designed and constructed in the U.S., Flex Market is a powerful, reliable hardware solution that will keep your customers coming back again and again.

## Customization with Made-to-Order

What if you were able to offer shoppers unlimited customization when ordering from your deli, grocery, and prepared food menus? Now you can! With CATAPULT's Made-to-Order (MTO) functionality, you'll only be limited by your own imagination.

## Versatile Environments

Flex Market is designed to be used in a variety of environments. No matter what your needs are or how your retail business changes, Flex Market can change with you.

- Break Room
- Staff Cafeteria
- Deli Counter
- Gift Shop
- Stadiums and Arenas
- Student Dining Hall
- Coffee Shops
- Cafes

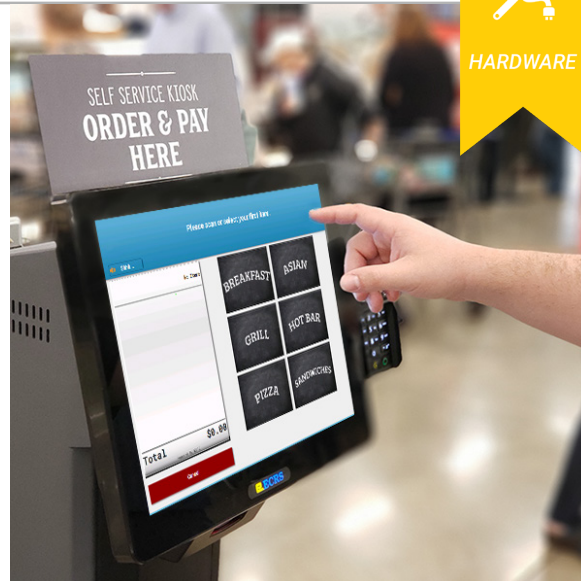

## Over 1,000 Configurations for Endless Possibilities

The modern design of Flex Market is our most versatile kiosk yet that is as diverse as our customers. Offering customizable add-on features that will save you time and money, you only pay for what you need.

As your needs change, Flex Market can grow with you, adding value and offering solutions to anything you can dream up. Three unique placement options also contribute to the versatility of Flex Market.

- Free-Standing Floor Unit
- Tabletop Unit
- Wall-Mounted Unit
